

Academy Leadership Capability Connect (ALCC) 3.0

The Executive Programs and Craft and Learning teams at the APS Academy are joining forces to bring you the next ALCC 3.0 event.

Because we're focussed on making life all about you, the next education and networking event will be virtual. Yes, we listened to your feedback and know that there's many L&D community members out there who don't live in Canberra and would like to attend these events.

At the ALCC 3.0 we have decided to jump right in and address one of the key government themes of the day – Integrity!

We'll walk you through the Academy offerings – across all levels – and highlight the programs that feature Integrity. This should empower you to guide best practice capability development offerings in your agency.

But wait, there's more! We're also going to get you involved in a fun group activity - *Playing with pro-integrity culture*. In order to look at what best pro integrity culture looks like, we are going to “play” with the dark side to see what doesn't work and why.

The activity provides an opportunity for you to continue networking via social learning and we will also bedazzle you with other things - which we're keeping to ourselves for now...

Session details

Date 13 August 2024

Time 2pm to 3.30pm (AEST)

Location Online via MS Teams

RSVP Search ALCC on [APSLearn](#)

Cost This is a free event

For further details, please contact the Executive Programs team at the APS Academy leadership@apsc.gov.au

A strong APS workforce who promote integrity and accountability is vital to Australia's future.
